OTHER ITEMS:

Principal's Update

Mr. Stoddard also thanked the Board for their support of the budget process and the generous donation of the azalea which has been placed in the front of the building. Social Development has focused on the Gratitude Board. Each Friday students write what they are grateful for and they also write "You Matter Letters" which are distributed to the person the letter was written about. In April the Student Leaders planned several activities for Let's Support Puerto Rico week. All proceeds will go to hurricane relief. Jack McGuire, a third grade student, will attend the National Invention Convention in Michigan. Twenty five students are registered for Kindergarten this year. Smarter Balance assessment is being completed. Class placement is being decided for next year. There will be a Memorial Day assembly on Friday, May 25th. The Spring Arts festival will be next Thursday. Students have many end of year activities. The budget hearing went well. It looks as if the citizens of Chester will continue to support the children and the school.

REPORTS:

Financial Status Report – Ms. Allen

Ms. Allen was not present. The report was distributed. Questions should be sent to Ms. Allen via email.

Cafeteria

Ms. Allen was not present. The report was distributed. Questions should be sent to Ms. Allen via email.

Committee Reports

Finance – The meeting was cancelled and will be rescheduled in the fall.

Curriculum – The International Baccalaureate program was discussed. Authorization is expected in the fall.

Policy – There are no policies to vote on. The Committee is reviewing the policy for allowing cell phones in the high school. Cell phones will be placed in a cell phone hotel by the door of each classroom. Regulations and consequences are being discussed.

OTHER COMMITTEE REPORTS

Supervision District Committee Update

Scholarships will be given based on need to students who are peers in preschool.

LEARN

Because of the difficulty in finding a representative to attend these meetings, it was suggested that there be one representative for all boards and a report will be given at the Joint Board Meeting.

Assistant Superintendent's Report

Ms. Martineau gave a brief update. Teachers are building on K-12 creative problem solving. K-12 content area groups have been meeting to finalize the rubric. Strategies are being developed to reach all content areas. The rubric will be used as an instructional tool. This has been rolled out to the staff. Teachers are working together to develop benchmark assessments. Students will use this for self-evaluation. Language arts will be focused on this summer as well as continued work on benchmarks. The reporting of grades on report cards was discussed. The elementary reporting may change.

SUPERINTENDENT'S REPORT

District Update – Critical Thinking and Creative Problem Solving

Dr. Levy noted that Dr. Martineau is now a graduate of the doctorate program from the University of Hartford. She also stated this has been a wonderful year for Chester Elementary under Mr. Stoddard's leadership.

The State Department of Education indicated that there is a 100% graduation rate for students who have attended four years at Valley Regional High School. This is a wonderful statistic. June 15th is graduation and the last day is the 19th. There will be a presentation at the next Joint Board of Education to see the connections we have from K-12 and the alignment we are working on in each school. Budgets have been approved in Deep River and Essex. The town meeting for Chester is the 30th. Parents are encouraged to vote.

The Security audit is costly. The last security audit included representatives from the town, law enforcement, board members, custodians and administrators. Dr. Levy discussed using a rubric from another school and working with our staff and local personnel to develop a similar plan. Troop F will also work closely with us to develop this plan. A team will be assembled with a representative from each board, facilities personnel, law enforcement and staff. Staff is in place to identify potential problems. Practice drills are done to prepare if a situation should

arise. There is a crisis intervention team for each building. Mr. Stack will be part of this team.
