

# ANIMALS & HABITATS OF THE WORLD

*Summer Programs for Elementary, Preschool & Toddler Students*

*Travel the world by safari in 30 days without ever leaving Old Saybrook!*

Each week we will focus our studies on a different continent, exploring the unique animals and habitats

• Learn About Animals and Habitats • Cook Authentic Recipes • Try New Games • Create Art & Crafts

## North America

*June 17-20*

We will begin our adventure with North America, exploring the habitats and animals of Canada, the U.S., Mexico, Central America and even the islands of the Caribbean!

## South America

*June 24-27*

Continuing our journey south we will be exploring South America. From the animals and habitats in the heat of Brazil to the cool mountains in Chile.

## Europe

*July 15-18*

This week we will explore the animals of the European continent. Located in the northern hemisphere, Europe's animals have unique methods of staying warm.

## Australia

*July 29-August 1*

We'll be heading down under this week! Come swim with us at the Great Barrier Reef, and discover all of the animals who live in Australia.

## Asia

*July 8-11*

Ni-hao! This week we will explore the animals of Asia. As we arrive in Asia our senses are heightened as we notice the distinct difference in the sounds and smells of this area of the world.

## Africa

*July 22-25*

Join us on a safari through Africa. As we adventure to the savannah and then the desert and rain forest, there is a ton to explore.

## Antarctica

*August 5-8*

Antarctica is rich in an abundance of wildlife. Discover all of the animals and habitats from penguins, whales, seals, albatrosses, to seabirds and a range of invertebrates on this freezing continent.
