SUPERVISION DISTRICT

What is the Supervision District?

The Boards of Education of Chester, Deep River, Essex, and Region 4 endeavor to work together as multiple Boards of Education to support the Region's mission and strategic goals. High-achieving school districts intentionally align school goals, district goals, and Board goals to cultivate a mission-driven organization. The development of a cohesive educational program pre-kindergarten through grade twelve is a fundamental condition for educational excellence.

The Supervision District is unique to the educational system in Chester, Deep River, and Essex due to the complex multiple-board organizational structure. It is a key element facilitating regional cohesiveness. The Supervision District Committee provides oversight of the budget for the Central Administrative Office, which consists of the Superintendent, Assistant Superintendent, Director of Pupil Services, Director of Technology, and the Finance Director.

The Supervision District provides essential shared services to all of the Region's schools including administrative and fiscal services, curricular organization, professional development, the provision of special services, legal support, personnel services, student transportation, and best practices. The Supervision District also provides teachers and staff who work, or are available to work, in any of the Region's schools such as special education, preschool services, gifted and talented support, summer school, and elementary world language, music, and art teachers.

Chartered through an agreement in 1964 among the Boards of Education of Chester, Deep River, Essex, and Region 4, and modified in 2000, the Supervision District was established to fund those programs and services best shared across our schools. A committee composed of three members each from the Chester, Deep River, Essex, and Region 4 Boards of Education govern the Supervision District. The town Boards of Education govern each town's elementary school. The Region 4 Board of Education governs John Winthrop Middle School and Valley Regional High School. The Supervision District Committee chair rotates annually among the chairs of the Boards of Education.

The annual contributions required for each of the Boards is established by the Supervision committee in accordance with the agreement, and allocates each expense in the approved budget according to an accepted methodology. This methodology includes one or more of the following allocation methods:

- 1.) A 3-way allocation based on PreK-6 student populations for expenses benefiting only elementary students
- 2.) A 4-way allocation based on total PreK-12 student populations for expenses benefiting all students
- 3.) A 1-way allocation for expenses which can be identified as benefiting only one Board
- 4.) Use allocation for expenses which can be segregated and allocated by frequency or volume of use

FIVE YEAR STRATEGIC PRIORITIES 2023-2028

The Chester, Deep River, Essex, and Regional School District No. 4 Boards of Education developed a set of Strategic Priorities which will guide the work of our schools for the 2023-2028 school years. This Strategic Plan was adopted in February 2023 by the Boards of Education of Chester, Deep River, Essex, Regional School District No. 4, and the Supervision District Committee. The agreed upon priorities are:

1. Teaching and Learning: To provide each student with high quality classroom instruction to promote successful student outcomes.
2. Culture and Climate: To partner with students, staff, and families to maintain a positive learning environment where every child is successful.
3. Finance and Operations: Develop and implement practices to ensure effective long-range, strategic financial, and operational planning.

Average Daily Membership

What is Average Daily Membership (ADM)?

The Supervision District provides essential shared services to the Chester, Deep River, Essex, and Region 4 schools. The costs associated with Supervision District are assigned to member districts using a three-way allocation for shared Pre-Kindergarten and elementary services. A four-way allocation is used for services shared by all member districts including Region 4. The allocations are based on the Average Daily Membership (ADM) among the participating Boards of Education. Preschool special needs students (minus typical peers) are counted and assigned to the home district. Students who are educated out of district are assigned to the home district (special education, vocational agriculture); this does not include students who attend technical high schools or adult education.

Average Daily Membership for the subsequent budget year is determined by the total number of students in each district grades PreK-6 or 7-12 based upon the Connecticut State Department of Education October 1 census of actual enrollment in the current year.
